PROFESSIONAL SUMMARY

A passionate Computer Science graduate with hands-on experience in full-stack development and mobile app building. Focused on building scalable, user-friendly applications using modern tech stacks. Actively seeking remote opportunities to grow in AI and software development.

PROJECTS

Travel Buddy – Travel Companion Finder Platform (Full Stack MERN)

Real-Time matchmaking app for travelers

- Built key features: authentication (JWT), real-time chat (Socket.IO), matching logic.
- Worked with team on both frontend and backend (Node.js + MongoDB)
- Integrated 3rd-party APIs and Mantine UI for clean, responsive design
- Partial deployment on [Render and Vercel] for live demo
- GitHub: [Amenti-K/TravelBuddy](#) • Demo: travel-buddy-ten-theta.vercel.app/

Just-ToDo App (React Native, Expo)

Mobile productivity app with notifications, calendar view & local storage

- Built with React Native using Expo for fast development and deployment
- Implemented calendar view, local database, and notification features
- Packaged as APK, fully working and installed on personal Android device
- GitHub: [Amenti-K/To-do.](#)

PROFESSIONAL EXPERIENCE

Abbahawa Trading PLC

IT Intern

Jul 2024 – Sept 2024

Addis Ababa, On-Site

- Participated in ground-floor infrastructure remodeling by setting up network panels and verifying connections
- Installed and configured security cameras for the newly built areas
- Supported staff setup by installing apps, configuring systems, and migrating data from central server
- Worked closely with the network administrator to ensure all systems were integrated into the company environment
- Tools/Tech: Windows OS, Network Cable Punching Tools, CCTV Systems, LAN

EDUCATION

Addis Ababa University

BSc. In Computer Science

June, 2025

Addis Ababa, Ethiopia

- CGPA: 3.59
- Relevant Courses: Data Structure, Algorithm, Software Engineering, Web Development, AI

SKILLS & INTERESTS
